

Nurse Residency Program

Nurse Residency Program

Live Activity

12/13/2022 1:00 PM to 12/13/2022 5:00 PM – Avera McKennan Hospital

Purpose

The Nurse Residency Program focuses on critical thinking, patient safety, leadership skills, communication skills, evidence based practice, professional development, and so much more!

Nursing Objectives

- 1 Plan and implement strategies to effectively assess, manage, and document acute and chronic pain across the life span (Nikki Eye / Jess Carlson)
- 2 Identify situations that increase the risk of medication errors and utilize evidence-based strategies to prevent medication errors (Misty Jensen)
- 3 Discuss the successes and challenges participants have experienced throughout the past month (Clinical Reflection Time)
- 4 Identify, plan, implement and evaluate an Evidence Based Practice project (Carla Borchardt)

Outcome

Target Audience

Professions – Nurse - RN

Specialties – Other
