

Improving Colorectal Cancer Screening Rates Through Systems Change

Speaker: Durado Brooks, MD, MPH, Vice President, Cancer Control Intervention

Program Goal: Avera and American Cancer Society present this specially designed course to look at the implementation of strategies to improve the prevention and early detection of colon cancer and to reduce cancer disparities.

OBJECTIVES:

At the conclusion, participants should be able to:

1. Identify evidence-based interventions, including systems changes for improving cancer screening rates.
2. Describe existing tools and resources designed to help increase cancer screening rates.
3. Review current cancer screening guidelines, including evidence-based testing options.
4. Recognize the National 80% by 2018 Initiative.

In order for you to successfully complete this activity and receive **1.0 CNE or CME**, you must:

- a. Register for the online activity
- b. Complete the Pre-test
- c. View the attached video
- d. Complete the post test
- e. Complete the evaluation

Feedback Person for this education activity are listed below. If you have questions please contact them.

- a. Name & Email: Whitney Flanagan; whitney.Flanagan@avera.org

There is no conflict of interest related to this activity identified by planners, content specialists or feedback persons.

The expiration date for credit hours for this activity is **11/302018**.
