

Avera vCNE Series: Dermatology 101

Presented by: Dr. Michelle Wanna

- PURPOSE:** This is the twelfth session in the Avera vCNE Series. This session will include an update in dermatological care for the ambulatory nurse and medical assistant including structure and function of the skin, skin cancer overview, and dermatitis review. The vCNE Series is specially designed to update nurses on hot topics, evidence based practice and Avera's current strategic initiatives.
- OBJECTIVES:**

At the conclusion, participants should be able to:

 - Describe structure and function of the skin.
 - Review skin cancer identification and basic treatment information.
 - Identify basics of dermatitis, including contact, irritant, asteatotic, atopic.
- In order for you to successfully complete this activity and receive **1.0 CNE**, you must:
