

Rhythm and EKG Interpretation for Nursing September 2019

Presented by: Cindy Pirrung, BSN, RN, CEN

PURPOSE: This education is specifically designed for the learner to be able to identify different rhythms; how to treat and recognize an acute EKG and how that will affect your patient and care delivered.

OBJECTIVES:

At the conclusion, participants should be able to:

1. Discuss abnormal and normal heart rhythms, including treatments anticipated when following ACLS guidelines.
2. Review EKG changes in acute MI.
3. Identify pathophysiological symptoms with different heart rhythms and patient symptoms.

In order for you to successfully complete this activity and receive **1.5 CNE**, you must:

- a. Register for the online activity
- b. Complete the Pre-test
- c. View the attached video
- d. Complete the post test
- e. Complete the evaluation
