

Avera Virtual CNE Series - Ambulatory: Anticipatory Guidance - Helping Parents Survive

Presented by: Kara Bruning, MD

Purpose: This educational activity is part of the Avera vCNE Series. This session will concentrate on the well-child check and review common guidance that can be given to parents on these visits. The vCNE Series is specially designed to update participants on hot topics, evidence based practice and Avera's current strategic initiatives.

Objectives:

1. Recognize common information given to parents at well child checks.
2. Describe how to approach parents with vaccine refusal.
3. Identify guidance to give parents on common pediatric problems including fever, potty training, and temper tantrums.

In order for you to successfully complete this activity and receive **1.0 CNE or 1.0 MA credit**, you must:

- a. Register for the online activity
- b. View the attached video
- c. Complete the evaluation
