

# Trends in Drug Use 2019

Presented by John Matthews, BA and Chris Jasso, BA

**\*\*\* An e-learning course available on the Avera CE Portal \*\*\***

**Program Goal:** The learner will have a better understanding of the scope of drug use in our area both illegal, recreational and prescription drug use.

**Target Audience:** nurses and physicians

## Objectives:

### CME

- 1 Have a better understanding of current drug trends as they relate to the medical patient.
- 2 An increased awareness of abused street and prescription drugs
- 3 A more suitable understanding of regional issues involving street and prescription drugs.
- 4 Vigilance and identifying potential drug abusers and what to look for.

### CNE

- 1 Discuss the current drug trends and how they relate to medical patients
- 2 To be able to describe the awareness of Abused street drugs and prescription drugs
- 3 Describe the regional issues involving street and prescription drugs.
- 4 Describe what to look for in possible identifying potential drug abusers.
