

ACI Oncology Supportive Care Education: CAR-T and New Cellular Therapies – Unique Treatments for Complex Cancers

Presented by: Bradley Beck, PharmD.

*****An e-learning course available on the Avera Portal*****

PROGRAM GOAL: Upon completion of the activity, the learner will identify the differences between cellular therapies and traditional drugs used to treat cancer.

TARGET AUDIENCE: Physicians, Nurses

OBJECTIVES:

1. Upon completion of the activity, the learner will identify the differences between cellular therapies and traditional drugs used to treat cancer.

NCPD Outcomes:

100% of nurses will be able to demonstrate knowledge of the differences between cellular therapies and traditional drugs used to treat cancer by passing a post test with 80% or more.

To successfully complete this activity and receive **1.0 CNE and/or CME**, you must:

- a. View the video
- b. Complete the verification
- c. Complete the evaluation

CME:

Avera is accredited by the Accreditation Council for Continuing Medical Education to provide continuing education for physicians. Avera designates this educational activity for a maximum of 1.0 AMA PRA Category 1 Credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

NCPD Accreditation:

Avera is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. A total 1.0 contact hours can be received upon completion of this activity. Attendance at the entire educational activity is required to receive contact hours.
