

# Senior Care Non Pharmacological Interventions for Behavioral Management

Presented by: Michelle Snyders, MSW & John Erpenbach, CNP

**PURPOSE:** Upon completion of this activity the learner will have gained a better understanding of the meaning of exhibited behaviors in dementia residents. Learners will have gained skills to change their communication style to better communicate with residents therefore reducing behaviors.

## OBJECTIVES:

At the conclusion, participants should be able to:

- Recognize the meaning behind behaviors that residents with dementia may exhibit.
- Identify common underlying causes for these behaviors.
- Implement changes in communication styles to reduce resident behaviors.

In order for you to successfully complete this activity and receive **1.0 CNE**, you must:

- a. Register for the online activity
