

Avera CE Portal

How to download the CE Portal App

Download the CloudCME app on smart phone or tablet utilizing the below links:

Download for Apple iOS: <https://itunes.apple.com/us/app/cloudcme/id624053130?mt=8>

Download for Android: <https://play.google.com/store/apps/details?id=com.multiweb.checkin&hl=en>

When you open the app for the first time, you will need to enter your organization code. This code is: Avera.

After entering your organization code, you can click the "Login" button to access your organization login panel. It will open in a new window within the CloudCME app.

Enter login information. The email address and password will be the same as when logging into the CE Portal on a computer or laptop.

Log In

Enter your email and password to login:

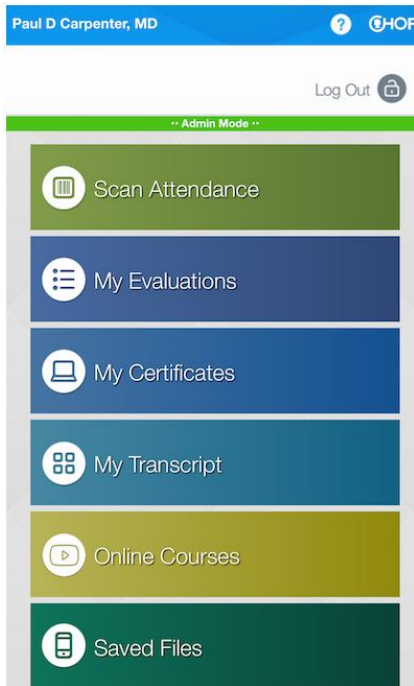

Email:

Password:

Login

[Forgot Your Password?](#) | [Don't have an account?](#)

After successful login, the panel will automatically close and you will return to the app, with the main menu displayed. Your current name will be displayed and appear in the upper-left. The app will remember your login information, so you will not need to login again, unless you explicitly choose to Log Out by clicking the button at the top of the screen.

For assistance, please contact Avera Leadership and Organizational Development Continuing Education Team by email averaeducationevents@avera.org.
