

# Mobile App

---

The CloudCME® mobile app provides quick access to most of the CloudCME® functions. The CloudCME® mobile app allows users to register for courses, manage their user profile, complete tests, complete evaluations, access transcripts and certificates, and more.

You only need to download the app and login once. Then you will be able to use all of the app's functions.

**Downloading the mobile app:** Download the free app by logging into the App Store on your mobile device, if you have not already.

**Logging into the mobile app:** After downloading the CloudCME® mobile app, open the application on your mobile device and use the organization code Avera. When prompted, login the email address used to create your account in the Avera CE Portal.

## CloudCME Mobile App Features:

- My Profile: Allows you to create and manage your account
- My Tasks: Allows you to manage tasks such as complete financial disclosure
- Calendar: Allows you to view upcoming IPCE activities
- My Evaluations: Allows you to complete activity evaluations.
- My Certificates: Allows you to view, print or email certificates.
- On-Demand Courses: Allows you to access online activities and complete them.
- My Tests: Allows you to complete tests attached to On-Demand Courses.
- Syllabus: Allows you to view up-loaded presentations and take notes on the displayed presentations.
- My Transcripts: Allows you to view, print or email your transcript.
