AMG OB/GYN Updates:
Surgical Intervention in the Morbidly Obese Pre-Pregnancy and Postpartum Patient

Presenter: Bradley Thaemert, MD, FACS, Surgical Institute of South Dakota

Purpose: This course is specifically designed to provide updated information about the surgical options available for obese pre-pregnant and postpartum patients.

Objectives:
1. Describe the maternal health risks of the morbidly obese patient.
2. Review the surgical options for the pre-pregnant or postpartum patient to decrease BMI.

Target Audience: Obstetrics/Gynecology, Family Practice Physicians, APRNs, PAs, and RNs.

Tuesday, July 11
12:00-1:00pm
