

Avera vCNE Acute Care Series: Palliative Care in the Acute Setting

Presented by: Francine Arneson, MD

*****An e-learning course available on the Avera Portal*****

PROGRAM GOAL: Healthcare providers do not often associate palliative care with acute care settings. This session will reinforce that palliative care can be given in the acute care setting and how that can look through a series of case-based discussion.

TARGET AUDIENCE: Nurses

OBJECTIVES:

1. Identify basic principles of palliative medicine in the acute care setting
2. Review communication goals in palliative medicine.

NCPD Outcomes:

80% of nurses can self-report a knowledge gain related to what palliative care in the acute care setting looks like.

To successfully complete this activity and receive **1.00 CNE**, you must:

- a. **View the attached video**
- b. **Complete the verification**
- c. **Complete the evaluation**

NCPD:

Avera is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. A total of 1.00 contact hours can be received upon completion of this activity.
