

How to Champion the COVID-19 Vaccine with Patients and Their Loved Ones

Presented by: Lindsey Meyers, Jen McKeown, David Basel, MD

An eLearning course available on the Avera Portal

Purpose: As credible champions and trusted sources of truth, physician and nurses can be great advocates of the COVID-19 vaccine. This educational activity will explore how to debunk vaccine myths and identify other best practices in talking with patients about the vaccine.

This is a recording of the live activity held May 2021.

Objectives:

- 1 Identify three best practices in talking with patients about the COVID-19 vaccine.
- 2 Describe why benefits of the COVID-19 vaccine are greater than the risks for most patients.
- 3 Explain why parents should schedule their children to get a COVID-19 vaccine.
- 4 Name two resources that can be used to educate patients about the benefits of the COVID-19 vaccine.

Outcome: 100% of healthcare participants will demonstrate a knowledge gain related to accurate COVID vaccine information by passing a posttest with 80 % or greater.

Target Audience: Physician, Nurse, Nursing Facility Administrator, Social Worker

For successful completion:

- a. View the education activity
- b. Complete the post test
- c. Complete the evaluation
