Fall 2026 Updates

AveraContinuingEducation@avera.org

News

- Reaccreditation Update: As the year ends, we have finished our Reaccreditation Survey and anticipate a determination by the end of the year!
- If you missed the live session of the August Bi-Annual Planning Training, please review this before the end of the year: [2026 August IPCE Bi-Annual Planner Meeting video available](#)

Compliance Check

- ***Do you have the Right Voices at the Table?***

☒ Which members of the healthcare team does your Gap and Need apply to?

☒ Do you have a representative(s) from those disciplines on your committee, or have you engaged them in your planning discussions in some capacity?

Why this matters?

Joint Accreditation requires educational activities to be planned and developed using an integrated planning process that includes healthcare professionals reflective of the target audience.

Reminders

- RSS Applications are due by October 31st
